

Accelerating speech and  
controlling it better

## Speak quicker → **karaoke songs**

---

**Rehabilitation task** : forced speedy vocalization of speech sounds and articulations.

**Effect on my rehabilitation case** : speech quicker because :

1. more fluid
2. requiring less intensity to vocalize a given speech sound

---

### **Practice details**

Practice time period : 2 years

Daily practice : 1-4h

### **Comments**

#### Websites

Free karaoke websites are numerous. Hereunder is the website I used most for songs in English :

- <http://midikaraoke.com>

## Karaoke songs reader

I used :

- [vanBasco's Karaoke Player 2.53](#)
